MEET JAMES D.

One of thousands of Cat Lovers who found relief with Leo's Paw.

James had just moved into a new apartment and bought his first real couch.

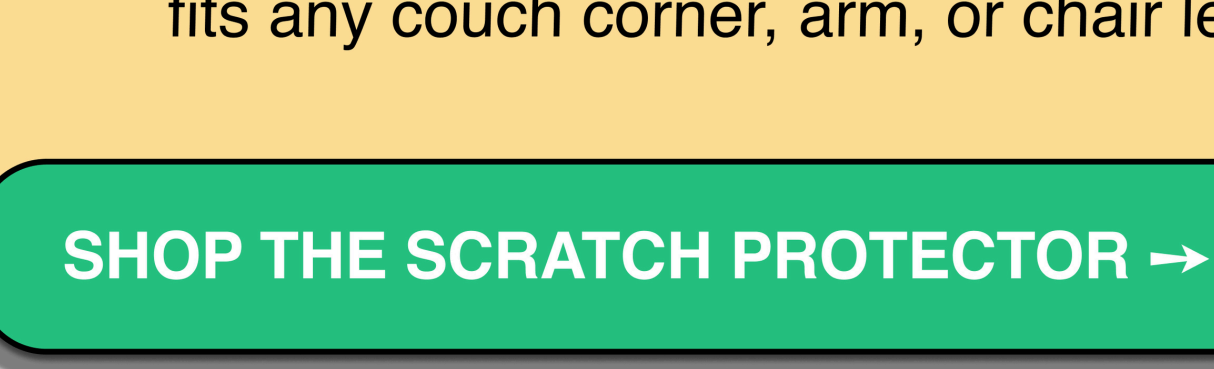

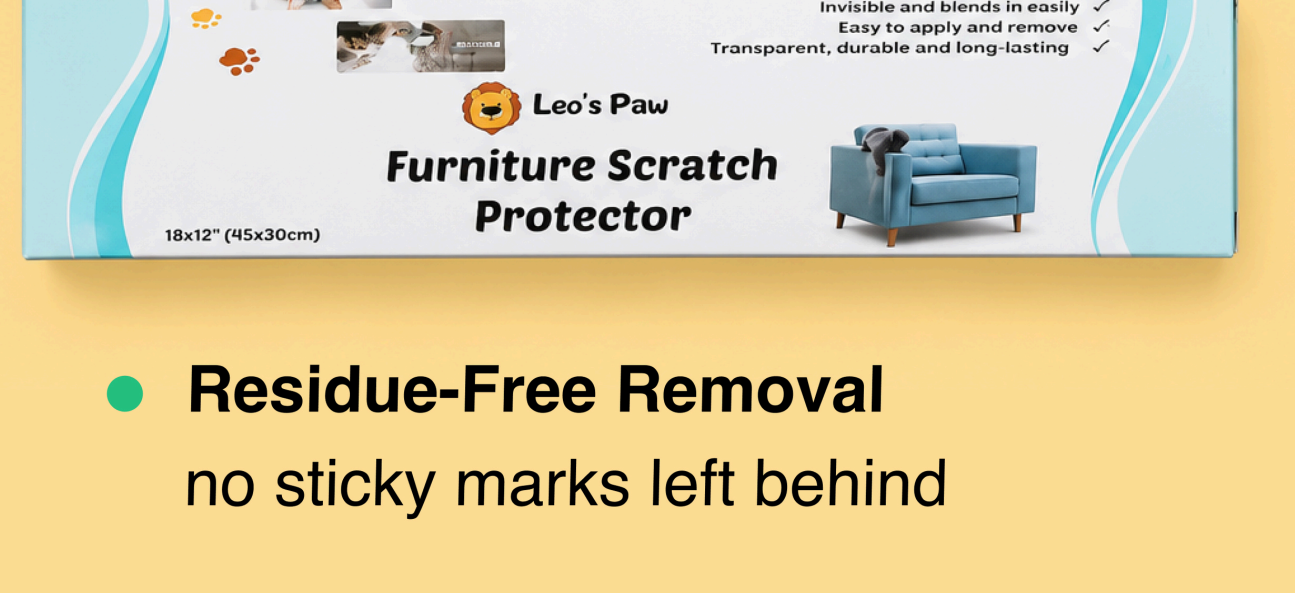

Within a month, the corner looked like it had been through a shredder — Biscuit, his 3-year-old tabby, had claimed it as scratching headquarters.

Tape peeled. Sprays wore off. A scratching post sat untouched. For a week, James admits, he seriously considered rehoming Biscuit.

And that was James's every day... until he found Leo's Paw.
